Trail Etiquette for Bikers
1. Go slowly around others and control your bicycle at all times.
2. Give hikers and equestrians the right of way. Be sure to slow down and communicate with other trail users.
3. Be especially careful around horses and livestock. Pastures are surrounded by electric fences.
4. Leave no trace. Bring out what you brought in, don’t go off trail, and avoid promoting erosion through reckless riding.
5. Ride only on open/marketed trails. Don’t ride on private property or on trails that are closed to bicycles.
6. Plan ahead. Wear a helmet and the proper clothing for the conditions, and keep your bike in good working order.
